

SWEDEN MUST MAKE POSITION DEFINITE

Officials Study Possible Significance of Lansings Disclosures

DOES NOT CALL FOR BREAK

WASHINGTON, Sept. 10.—While the American government awaited developments today following Secretary Lansing's disclosures regarding the transmission of official German despatches by the Swedish charge at Buenos Aires, Washington officials and foreign diplomats turned their attention to a study of their possible significance. Two facts stood out clearly in the minds of most observers. Sweden will be compelled to make definite her position as a neutral and the exposure may be taken as indicating more exactly the intention of the allies to see that Germany shall cease receiving aid from all the northern European neutral countries. Want Opinion to Support Embargo.

Publication of the facts, although disclosing nothing the governments exports administrative board has not known for some time, reveals to the public that this government is fully cognizant of aid Sweden has been rendering the central powers and tends to cement opinion in support of the absolute embargo put into effect against Sweden along with the other neutrals, six weeks ago. It has already been declared definitely that no foodstuffs or other supplies will be permitted to go to the neutrals for at least six weeks to give this government an opportunity to establish precisely their trade relations with Germany.

Sweden as well as the other neutrals has contended it has the right to export to Germany any commodities imported from the United States. Some American officials say the war would be ended within six months if Swedish iron exports to Germany were stopped.

Swedes Drain Their Country

The Swedes it is declared have drained their country of foodstuffs by taking from the food producing industries vast numbers of men and placing them in the iron mines and the munitions factories which have sprung up since the war began. Another phase of the situation that is given careful attention here is the possible effect if Argentine breaks relations with Germany or declares war. Argentine will have large quantities of wheat for export and as a neutral she might send much of it to the European neutrals under the operation of the British blockade. As a belligerent or with diplomatic relations broken, however, the Argentine government probably would take control of its exports and carefully supervise all shipments to the neutrals to prevent any foodstuffs from reaching Germany. Argentine is the only one of the big food exporting nations now at peace with Germany. The Argentine wheat crop this year promises a surplus of two hundred million bushels, much of which, it is said, already has been purchased by the European neutral governments. The British government as an interdictor of trade between neutrals has asked that no food be re-exported. The United States now a belligerent in granting export licenses for food shipments to neutrals will demand that it not be used to take the place of other foodstuffs that might be exported and some officials want to go so far as to refuse food to workers whose product is sold to Germany.

Send Copies to Diplomats

It was learned today that Secretary Lansing sent the copies of the intercepted messages to the American representatives at Stockholm, London and Paris, but merely for their information. Not even the minister at Stockholm was given any instructions to call it to the attention of the foreign office the assumption being that the legation here to which was delivered a copy would lose no time in forwarding it to its government.

Mr. Lansing maintained his determination not to add comment to the disclosures. Officials believe that the Argentine government will demand soon, if it has not already done so, the withdrawal of the German diplomat who advised the sinking of Argentine ships with all on board and who characterized the foreign minister of Argentina as an "ass." Equal confidence was displayed that Sweden would offer an explanation to Argentina, perhaps without even waiting for the South American country to demand it. It will create no great surprise here, however, if Sweden does not send an explanation to this country direct, but contents itself with sending a copy of that which may be sent to Argentina.

No Developments On Surface

On the surface today there were no developments in the situation. Ambassador Naon had received no advice from Buenos Aires and the Swedish legation was silent, both the minister and the charge being out of the city. It was made clear at the state department that while a serious situation had been presented by the discovery of the uses to which the Swedish foreign service has been put there was no occasion to assume that it was one calling for a break in the relations of the two countries.

EXPECT GERMAN PEACE OFFER BEFORE WINTER

Belief is Held Throughout Official London

Think Offer Will Suggest Immediate Cessation of Hostilities on a Status Quo Basis—Entente Statesmen Have Indicated They Will Refuse Such Terms.

London, August 27. (By Mail.)—Throughout official London the belief is held that a very definite peace offer will come from Germany before winter and that the offer will suggest immediate cessation of hostilities on a status quo basis.

Entente statesmen have fully indicated they will refuse such terms, and no doubt Germany is aware of this. But German leaders regard a status quo offer from the German side as an indispensable step in the preparation of German public opinion for further concessions.

A high official authority gave The Associated Press today the following statement of the situation in Germany as regards peace:

"Anxious to Get Out of War—There is no doubt that the German government is anxious to get out of the war at the earliest possible moment on any terms which will insure them against revolution and national collapse."

"Great numbers of people in Germany today would welcome a peace on a status quo basis, this meaning practically a draw, in which no belligerent would occupy any territory beyond that which it possessed in July 1914 and which, moreover, each side would bear its own burden in respect to the material losses incurred during the course of the war. But it is impossible to say how far this view has spread among the German proletariat, because naturally where it exists it has had small opportunity of public expression."

"Since Germany's so-called peace offer a year ago, the continued pressure of the entente and the entry of the United States has completely changed the situation. The question is now in fact not what are the war aims which Germany will impose before she grants peace, but what terms she will be willing to accept. That is a very simple statement of the greatest fact in the war situation today."

Economics in Foreground

"The entry of the United States and many of the South American republics has put economic matters into the foreground. The German government must obviously view with extreme apprehension the situation at home in the months immediately succeeding the declaration of peace. The physical exhaustion of the people and the country combined with the want of food, which cannot be immediately remedied and the event of raw material for starting manufactures, will create a most serious situation. If when the troops come back from the front it is not possible immediately to start again the industrial life of the country and provide food and work, there will almost inevitably be a very dangerous revolutionary movement."

"This would be started by the minority Socialists and if Germany comes out of the war without a definite increase of strength and prestige in some form or another, the influence of the government in the middle classes will be so much weakened that it will be impossible any longer to depend on their active support against a revolutionary movement."

MAY COMPLETE JURY TO TRY KELLY TODAY

RED OAK, Ia., Sept. 10.—Completion tomorrow of the jury that is to hear the trial of the Rev. L. J. George J. Kelly, charged with the murder of one of the eight persons slain with an axe at Villisca, Ia., in 1912, was expected when adjournment was taken late today. It is very premonitory that used six more jurors must be passed for cause before the final jury is determined and with fifty four of the special venire of seventy five already examined, Judge W. D. Boies, presiding, ordered an extra venire of twenty six drawn for tomorrow.

When the final twelve men are selected they will be sworn in immediately but if the jury is not completely until late tomorrow it is likely adjournment will be taken and the opening statements of counsel postponed until Wednesday. Introduction of testimony will begin as soon as the opening addresses are finished.

BOARD EXEMPTS HERMAN UNTIL OCTOBER 15

NEW ORLEANS, La., Sept. 10.—Pete Herman, claimant of the world's bantamweight pugilistic championship today was granted exemption from the army draft until October 15 by the district appeal board in order to defend his title. Herman had claimed exemption from service in the National Army on the ground of dependent parents. He stated he had several fights pending which would bring him sufficient money to provide for his parents and the board decided to give him until October 15 to join the army. Herman's manager stated he had been arranged with Johnny Eggers of New York and Frankie Burns of New Jersey.

ANNOUNCE WAGE INCREASE

East St. Louis, Ill., Sept. 10.—A wage increase of 25 cents a day affecting 5,800 men has been granted by the packing houses here it was announced today by Robert E. Conway, general manager of Armour & Co. Mr. Conway said the increase was not the result of agitation for unionization of the packing plants.

DENY NEGRO WRIT OF HABEAS CORPUS

EAST ST. LOUIS, Ill., Sept. 10.—LeRoy N. Bundy, negro dentist indicted on a charge of murder growing out of the East St. Louis riots was denied a writ of habeas corpus at Cleveland, Ohio, today according to information here from the office of Attorney General Brundage of Illinois.

Bundy was arrested in Cleveland. He is charged with having led the negro mob that killed two detectives here the night of July 1. This riot precipitated the massacre of negroes the following day.

FIVE THOUSAND COAL MINERS REFUSE TO WORK

Protest Against Action of Military in Breaking Up Parade

Miners in Springfield Declare Their Constitutional Rights of Assemblage and Free Speech were Denied By Armed Troops.

Springfield, Ill., Sept. 10.—Five thousand coal miners, representing seventeen mines in the vicinity of Springfield, refused to go to work this morning because of the action of military authorities here yesterday in breaking up a parade of labor unionists intended as a demonstration in support of the strike of street car operatives.

The miners declare their constitutional rights of assemblage and free speech were denied by armed troops. Whether the strike is to be prolonged could not be determined because it resulted from a tacit understanding among coal diggers themselves and was not authorized by meetings of miners' locals.

In yesterday's clash between state troops and unionists, who attempted to parade through the downtown districts, two men were slightly wounded by a shot fired from an army pistol, and several others were bruised and cut.

The mine shut-down in the vicinity of this city is practically complete, operators stated.

President Frank Farrington, of the United Mine Workers of Illinois, who is in Washington, was notified of the strike. Mr. Farrington repeatedly has insisted that miners remain at work pending efforts of miners' officials to get an upward readjustment of the miners' wage agreement.

According to a version of yesterday's shooting of paraders, given out at the headquarters of the Tenth Illinois Infantry today, the shot which struck Albert Heineke and Anthony Redick came from an army pistol in the hands of Lieut. Col. Lewman of the Tenth Infantry, and was accidental.

Col. Lewman, it was stated, attempted to hold back the foremost men in the line, which had been forbidden to march, and in the confusion the pistol was discharged.

Labor men said Col. Lewman deliberately fired the shot.

GIVE 125 MOTOR AMBULANCES TO RUSS

WASHINGTON, Sept. 10.—A gift of 125 motor ambulances to Russia is announced by the American Red Cross. The shipment will go forward immediately, consigned to the Red Cross mission sent to Russia two months ago under Dr. Frank Billings. Already nearly half a million dollars worth of medical and surgical supplies have been sent.

"Ambulances are needed with the Russian armies almost more than any other form of relief," said the announcement. "On the eastern front there are only 6,000 vehicles for transportation of the wounded, while on the French front only a third as long, there are 75,000. The automobiles being shipped will equip one army corps with five complete ambulance sections."

For the present no personnel for the ambulance sections will be sent to Russia; machines will be operated by Russian drivers under the direction of the Red Cross.

DEFEAT EQUAL SUFFRAGE FOR MAINE WOMEN

PORTLAND, Me., Sept. 10.—Equal Suffrage for Maine women was defeated two to one at the special election today, according to newspaper returns tonight from two-thirds of the state. The total for 438 out of 635 election precincts including all cities was 17,035 in favor and 31,807 opposed. The total vote of the cities was:

Yes—1,444.
No—15,597.
The towns reported stood:
Yes—9,591.
No—16,219.
The voting was on a proposed constitutional amendment adopted at the last session of the legislature after forty years of effort on the part of suffrage workers in Maine.

SENATE PASSES WAR TAX MEASURE

Bill Provides For A Levy Somewhat Under \$2,400,000,000

GOES TO CONFERENCE

WASHINGTON, Sept. 10.—The war tax bill—the largest single taxation measure in American history—was passed tonight by the senate. It provides for a levy somewhat under \$2,400,000,000 as compared with \$1,867,870,000 proposed in the bill as it passed the house May 23.

The vote was 60 to 4. Senators Borah, Grinnell, LaFollette and Norris being recorded in opposition.

Action in Ten Days Probable. The great bill, nearly four months in the making, will be returned to the house tomorrow and then goes to conference with enactment in ten days probable. Senators Simmons, Stone and Williams, Democrats, and Penrose and Lodge, Republicans, of the finance committee were appointed the senate's conferees.

Awaiting the senate in the final struggle over war fiscal policies is the \$11,500,000,000 credits bill which passed the house unanimously and upon which work will be begun tomorrow the senate finance committee.

Of the \$2,400,000,000 new taxes provided in the tax bill for duration of the war \$842,200,000 is to be taken from incomes, corporate and individual and \$1,060,000,000 from war profits. Most of the remainder is levied on liquor, tobacco and public utilities. In tonight's cleanup the principal eleventh hour action of the senate were elimination of all provisions for taxing publishers and increasing second class periodical postage rates and all consumption taxes on sugar, tea, coffee and cocoa, the latter reducing the bill \$86,000,000. The senate also struck the clause proposing repeal of the "drawback" or re-export allowance given sugar refiners and defeated proposals to add inheritance taxes.

In a last effort of the high tax group to increase taxes the senate rejected 65 to 15, the LaFollette substitute bill to raise \$5,500,000,000 more taxes. Those supporting it were: Borah, Brady, Gore, Grinnell, Hardwick, Hollis, Husting, Johnson of California; Jones of Washington; Kenyon, LaFollette, McNary, Norris, Reed and Vardaman.

Devoid of Unusual Scenes

Passage of the bill was devoid of the unusual stirring scenes such an epochal measure. At four o'clock today under the agreement which ended the cloture fight a fortnight ago, debate was shut off and a tedious series of a dozen roll calls brought the bill to passage. A parliamentary snarl and determined fight on the second class postage provisions furnished the most excitement. After the McKellar substitute zone package increase program applying to publications sent beyond three hundred miles had been rejected 40 to 34, Senator Hardwick's substitute zone plan applicable to advertising portions only, was beaten 48 to 20. Senator McKellar attempted to offer another substitute with a maximum rate of four cents a pound instead of six cents, but Senator Salsbury presiding, held that the house zone provision had never been formally eliminated. Then the senate made sure of its determination to eliminate all postage increases and special levies on publishers by adopting Senator Weeks' motion to strike out the entire house clause 59 to 9.

Eliminate Consumption Taxes

The only postage feature left in the bill are provisions for free transportation of letters from American soldiers abroad and for one cent stamp tax on parcel post packages raising about \$4,000,000. The consumption taxes, of half cent a pound on sugar, two cents on coffee, five cents on tea, three cents on cocoa and from 1 to 2 cents a gallon on molasses were struck off by overwhelming majorities. A final vote on Senator Broussard's motion to eliminate them all was 52 to 28.

No changes were made by the senate two vital sections—incomes and war profits. The house income tax levy was increased from \$596,000,000 to \$842,200,000, with the house provision for \$108,000,000 additional by a retroactive tax on 1916 incomes eliminate in the house bill \$200,000,000 additional was levied by doubling present excess profits while the senate bill raises \$1,060,000,000 beyond present returns of \$226,000,000 from both normal excess incomes and war profits of corporations and individuals by a new system of rates graduated from 12 to 60 per cent based on the three-year pre-war period of 1911-13. The senate also repealed the present special munitions tax raising \$25,000,000.

CONVENTION OPENS TODAY

Cedar Rapids, Ia., Sept. 10.—Delegates began arriving today for the fifth biennial convention of the Western Bohemian Fraternal association embracing 251 lodges of the west and central west. The convention begins tomorrow and lasts thru next Saturday.

BLAME SWITCH TENDER FOR TRAIN WRECK

BURLINGTON, Ia., Sept. 10.—An investigation by officials of the Rock Island and Burlington railroads here today placed the blame for the wreck of last Saturday on Louis Arnold, switch tender in the employ of the Rock Island, who, officials said, admitted he forgot to close the switch after sidetracking a Rock Island train so that the Burlington train could pass. The latter crashed into the open switch and into the Rock Island train injuring four seriously and several others slightly. Of the injured, R. Soukup of Cedar Rapids, Ia., fireman on the Rock Island train is the only one in a critical condition. He may not live.

THREE GUARDS STABBED IN OUTBREAK AT JOLIET

Trouble at Joliet Prison Begins Shortly After Breakfast

Condition of the Three Wounded Guards Less Favorable than at First Reported—Shooting of Convict Who Attacked Guard Believed to Have Caused Trouble.

Joliet, Ill., Sept. 10.—Three guards were stabbed in an outbreak today of the convicts at the state penitentiary here. The trouble began shortly after breakfast while the guards were conducting a squad of prisoners from the dining room to one of the cell houses. The guards who were stabbed are:

Michael J. Marks, throat.
L. R. Shotwell, abdomen.
Charles W. Laters, abdomen.
Physicians tonight said that the wound of each guard was serious but not necessarily fatal.

Other Prisoners Interfere. Led by Roy White and Thomas Vanburen, fifteen or twenty of the convicts broke ranks and attacked the three guards. They were slashing at the guards with knives obtained from the shops when some of the other prisoners interfered.

A trusty prisoner sent in an alarm and reinforcements ran to the assistance of the guards. Those who ran from the warden's office to help the guards soon overpowered the unruly convicts and they were placed in solitary confinement.

Warden E. J. Murphy at once began an investigation of the outbreak which revealed that on Sunday night the arm while attempting to attack T. P. Clarkson, one of the guards, Supt. John L. Whitman is expected here tomorrow to investigate the outbreak.

Condition Less Favorable. At the prison hospital tonight it was said the condition of the three wounded guards was less favorable than at first reported.

Wienand, the prisoner shot on Sunday night, also was reported in a less favorable condition by the hospital physicians. However, he threatened, according to the attendants to "get him yet," referring to Guard Clarkson, who shot him.

Five of the leaders of the outbreak of today are in solitary confinement and according to Warden Murphy "they will be kept there until they learn to obey the rules of the prison."

EXECUTE ELEPHANT TO RELIEVE ITS SUFFERINGS

EAST ST. LOUIS, Ill., Sept. 10.—A 9,800 pound elephant named Judy and attached to a large circus for many years, was executed in the railroad yards here today in order to relieve its sufferings from lockjaw.

The elephant was put in a car and a rope was fastened around the animal's head, the other end of the rope being attached to a locomotive. The engine pulled and the rope broke. A chain then was substituted. Again the engine pulled, and in thirty minutes the elephant was pronounced dead by strangulation. Butchers skinned the carcass, the hide will be preserved by the circus. The elephant was 50 years old.

MAKES FLIGHT FROM STATION NEAR BELLEVILLE

BELLEVILLE, Ill., Sept. 10.—The first airplane flight at the government aviation field near here was made today by William H. Couch, a civilian instructor from Stuart, Ia. He made three circuits of the field at a height of 500 feet and made a speed of 60 to 65 miles an hour. Eighty students and instructors, including Lieut. Paul Prevost of the French army, who has been assigned to the camp as instructor, witnessed the flight.

LOWDEN OFFERS REWARD

Springfield, Ill., Sept. 10.—Governor Lowden offered \$200 reward today for the apprehension and conviction of Fred Carver who is charged with the murder of his wife in Quincy, Ill., August 22 last.

DR. MCARTY IS PASTOR FOR A QUINCY CHURCH

This Action Taken by Methodist Conference Today

Rev. E. L. Fletcher Becomes District Superintendent and is Succeeded by Rev. W. R. Leslie at Centenary—Other Changes in Jacksonville Churches—Danville District is Absorbed—Conference Appointments.

The Methodist conference closed at Champaign Monday afternoon after making a larger number of changes than has been true for many years past. So far as Jacksonville is concerned there were two changes. Dr. F. A. McCarty, who has served for a number of years past as district superintendent, will become the pastor of Vermont Street church in Quincy and is succeeded in the superintendency by Rev. E. L. Fletcher, who has just closed one year's pastorate of Centenary church.

Districts Reduced in Number. The new pastor of the Centenary church is Rev. W. R. Leslie, who will come to Jacksonville from Pittsfield. He is a comparatively young man and is said to have been unusually successful in his work. From the list of appointments which appears elsewhere it will be noticed that the number of districts has been reduced from eight to seven. The Danville district having been abolished. This resulted in a general re-arrangement of churches. A number of churches which heretofore were included in the Jacksonville district are now a part of the Quincy district. This is true of several Morgan and Scott county churches. Churches which have in the past been listed with the Springfield district are now a part of the Jacksonville district.

As the appointment list indicates, Rev. W. S. Phillips goes to Carlinville, Rev. C. R. Morrison to Chestnut and Rev. G. W. Flagg is transferred from Charleston to Taylorville. Transfers are also shown for a number of other ministers who are well known in Jacksonville or the county precincts thru their former services here. C. F. Buker was assigned to the first church at Danville. Some of the appointments follow:

Jacksonville district—E. L. Fletcher, superintendent.
Ashland—J. E. Artz.
Athens—Chas. F. McKown.
Auburn—Walter Mitchell.

RUSSIA AGAIN FACING A CRISIS

Kerensky Removes Korniloff For Demanding Surrender of Government

DECLARE MARTIAL LAW

BULLETIN. PETROGRAD, Sept. 11.—According to reports from the Winter Palace where the government council was in session this afternoon, a considerable force of supporters of General Korniloff already have passed Luga on the way to Petrograd. The government refuses to make a statement but Foreign Minister Terestchenko informs The Associated Press that he believes the Korniloff forces consist of only a few hundred men.

The town and railroad stations at Luga are in Korniloff's hands.

The Russian government again is facing a crisis, but apparently, with his usual "blood and iron" methods, Premier Kerensky has taken rigorous steps to combat it and to punish those of the opposition elements who brought it about.

Learns Details of Plan. General Korniloff, commander in chief of the army backed by a group of political agitators, has demanded for himself dictatorial powers by the surrender of the government into his hands. Kerensky refused to comply with the demand and has had incarcerated in the Petropavlovsk fortress M. Lvoft, member of the duma who acted as Korniloff's intermediary, and who, under severe examination, has had wrung from him the details of the plan to overthrow the government and bring about a return of despotic regime. The names of the chief conspirators in the plot also have been ascertained and the men doubtless will receive punishment at the hands of the government. As for Korniloff he has been deposed from the chief command of the army while General Lokousky has been proclaimed a traitor for refusing to take up Korniloff's duties.

Meanwhile martial law has been declared in Petrograd and its environs, and the government is taking measures to crush the revolt swiftly and decisively, probably by creation of a directory composed of a small number of men tried and true friends of the revolution.

THE SECOND LIBERTY LOAN.

Secretary McAdoo of the treasury
has issued a statement that the cam-
paign to sell the second issue of Lib-
erty Loan bonds will close on the
first of November, 1917, and the ac-
tive campaign will begin not later
than a month before that date.

The secretary explains that details
of the second loan cannot be given
out until final action has been taken
by congress but announces that
now pending bill announces that
as soon as a new law has been passed
the details will be given out.

The secretary expressed a hope that
all existing Liberty Loan committees
will perfect their organizations and
new organizations be effected in
readiness for the next campaign.

As in the first campaign each
Federal Reserve District will be un-
der the supervision of the Federal
Reserve Bank, which will act as the
fiscal agent of the government.

IMPORTANT WORK FOR WOMEN.

The work which women are under-
taking at the request of the National
Council of Defense is important and
will be far-reaching in its results.

It is proposed during a certain week
to register all the patriotic women
of the state, listing them in a way
which will show the services they
are best fitted to perform in behalf
of their country. From the system-
atization of many good efforts will
be avoided. The registration will mean
greater efficiency in war relief work,
and along other lines directly related
to it. The organization which will
result from this registration will be
far-reaching thru its various depart-
ments and information secured and
the resultant activities will be ex-
tremely valuable not only during the
war but thru the "reconstruction"
days which must follow.

The one thing that can hamper
the movement will be a lack of in-
formation and when women gain an
understanding of what it is proposed
to do thru this registration work,
certainly those who have the inter-
est of their country and their homes
at heart will join in it most enthu-
siastically.

The Morgan county women have
the nucleus of an organization now
and it will not be long until the
workers have the whole proposition
in hand so that all the women in the

county can be given an insight into
the work that it is proposed to do
and the methods which will be fol-
lowed.

JACKSONVILLE LOSES DR. McCARTY.

There were rumors last year that
Dr. F. A. McCarty would conclude
his work as district superintendent
and again take up pastoral duties.
In fact it was the desire of Dr. Mc-
Carty to return to the ministry but
this action was deferred until the
present conference. He is recognized
as one of the strong men of the
conference and several of the larger
churches were very anxious to secure
his services. Last year Bloomington
made a determined effort in this re-
gard and for a time it was under-
stood that he was slated for that
charge. This year Quincy won out
in the request and Dr. McCarty will
leave Jacksonville to become the
pastor of the Vermont Street church
in the Gem City.

It was soon after he became pas-
tor of Centenary church that Dr.
McCarty began to be a strong force
for righteousness in Jacksonville.
With unusual ability as a pulpit
speaker, he combines the qualities
that make him a successful pastoral
worker. His sympathies are so
broad, his spirit so generous, that
his work and interests were by no
means confined to his church and
denomination. Men and women of
all churches and of no church be-
came his admirers and friends and
the same relationship with Jack-
sonville people continued after his ad-
vancement from a church pastorate
to the district superintendency. It
will be with genuine regret that
Jacksonville gives up Dr. McCarty
to another city and with the hope
that since his home has been estab-
lished here, it is not too much to
expect that in some future year not
very far distant he may return and
become a permanent resident.

"BEGINNING AT HOME."

The work of knitting socks,
sweaters and other garments for the
Red Cross society and for soldiers
generally is well worth while. The
garments thus made are of better
quality than could be secured thru
purchase and in addition the result-
ing interest of the workers is of value.
But a query has come in a
roundabout way from Co. B at
Quincy which is apropos. Fewer
than half of the men in the com-
pany do not own sweaters and it is
said on good authority that the
men have been really uncomfortable
in the cold night air a number of
times in the latter days of August
and the early days of the present
month. And so there naturally has
come the question, why wouldn't it
be an enterprise well worth enthu-
siasm for someone to stand sponsor
for the project of furnishing every
sweaterless man in Co. B with one
of these knitted garments.

There are men in the company
who feel that little recognition was
given the fact that they voluntarily
entered the service and have for
months past been engaged in hard
training. Sweaters for the company
would not only protect the bodies of
the men but would warm their hearts
also and serve as a certain testimo-
nial of the high regard in which
they are held by the "folks back
home."

FEWER THAN ONE IN SEVEN WILL DIE.

From time to time statements
have been made relative to the per-
centage of soldiers who are killed or
injured in modern warfare. These
facts are given from time to time,
not in the effort to minimize for the
people of the U. S. the dangers of
warfare, but to have them know the
actual records and not influenced
by false stories circulated frequently
and calculated to give an entirely er-
roneous impression as to the dangers
which await.

Relatives and friends of soldiers
will be much interested in the fol-
lowing paragraph from a recent ar-
ticle by Henry M. Hyde in the Chi-
cago Tribune, in which he shows
from statistics of two years' war-
fare in Europe that fewer than
seven in each one hundred soldiers
die and less than twenty per cent
are injured.

Mr. Hyde concludes his illuminat-
ing article in these words:
"There is no wish to demonstrate
that war is as safe as a Sunday
school picnic. Its dangers are real
and great, its losses by death num-
erous and terrible. A considerable
number of our soldiers will never
come back home from France. An-
other considerable fraction will come
back permanently crippled and help-
less. The truth is bad enough.
"But mothers and fathers whose
sons have gone or are going to war
may find some comfort in the state-

ment that eight out of ten of the
gay young soldiers who are now put-
ting on the uniform will go through
the war without getting a serious
scratch and will come back to civil
life stronger men physically than
they were before.

"That is a prediction which is jus-
tified by the experience of the allied
armies in the present world war."

Rippling Rhymes By WALT MASON

SELF PRAISE.

I may be loaded down with merit,
but I am foolish to declare it. If
I go forth, my worth expounding,
and boasting it in tones resounding,
my friends will mutter, soon or late,
"He is a fourth rate selling-
pater. His dome of thought is stuffed
with sawdust; the worth while
man is always modest." I often
catch myself beginning to boast my-
self in language winning; I tell of
big things I'm achieving, of how
competitors I'm leaving away back
yonder in the distance; I tell how I,
without assistance, climbed upward
from the slum and gutter to heights
too wonderful to utter, I throw my-
self all kinds of lilies, then find my
hearers have the willies. They look
as tho they'd like to take me to
some secluded spot and shake me.
Then, mortified, humiliated, by self-
disgust and anguish weighted, I fade
away, and while I'm going I wonder
why I do such blowing. The most
of us have sins besetting; The most
of us are off forgetting that it is
foolish to unfold them, and flaunt
them where all men behold them.

aviators bombarded a hospital.

MORTUARY

DeFrates

Mrs. Manuel DeFrates residing
north of the city has received word
of the death of her brother Man-
uel DeFrates which occurred at Den-
nison, Texas, August 9. Deceased
was born in Lisbon, Portugal, Aug-
ust 25, 1835 and came to this coun-
try with his parents when four
years of age. The family settled in
this city. He was united in mar-
riage to Miss Thankful C. Murlin of
Laheer, Mich., July 2, 1861. They
settled near Dennison, Texas, where
they lived for forty years. He was
a veteran of the civil war, seeing
three years of service. He professed
faith in Christ many years ago and
united with the Methodist Episcopal
church, South, of which he always
was a loyal and active member. He
is survived by his wife and six chil-
dren. They are Lavern, Frank,
Charley and Ralph DeFrates, Mrs.
Hattie Bullock and Mrs. F. B. Aber-
nathy, all of whom reside in and
near Dennison. The funeral services
were conducted by the pastor, assist-
ed by the Rev. J. M. Holt and bur-
ial was in Oakwood cemetery.

Social Events

Bible Class Members

Guests of Mrs. Hearn.
The Opportunity Bible class of
Grace M. E. church met Monday eve-
ning at the home of Mrs. E. A.
Hearn on Westminster street. There
were about thirty five present. Mrs.
Hearn had as assistant hostesses
Mrs. Homer Potter and Mrs. Wil-
liam Coking. The regular business
meeting of the class was the first
order of the evening, after which
a most enjoyable time was spent in
a social way. A table decoration com-
est formed one of the distinctive
features of the evening. One table
was decorated in Halloween style,
another to represent Thanksgiving
and another showed a May arrange-
ment. Refreshments were served.

RETURNED FROM VACATION

Dr. W. H. Weirich and family re-
turned yesterday for Wabedo, Minn.,
where they enjoyed a five weeks'
outing. The trip was made in Dr.
Weirich's car and during the trip
which covered over 2,000 miles they
had but three punctures. The roads
were good on the going trip but were
rather rough returning. Dr. Weirich
said that they had frost on August
28 and ice on the watering troughs.

**LINCOLN STEFFENS COMING
FOR LECTURE ON RUSSIA**
Announcement has been made that
Lincoln Steffens, famous journalist
and traveler, will visit Jacksonville
Oct. 2, and deliver an address at Cen-
tral Christian church. Mr. Steffens
has but recently returned from a
number of months of travel in Rus-
sia. It is understood that his lecture
here will be based upon his Russian
experiences and observations. In
view of the fact that there is so much
discussion of the exact conditions in
Russia and the part that the country
is destined to have eventually in this
world war, Mr. Steffens' address here
will be looked forward to with very
special interest.

BUILDING BIG BARN

The fine new barn on the farm of
W. E. McCullough of near Higginson
is nearing completion, altho there is
still some weeks work to be done on
it. It will be one of the handsomest
structures of its kind in Scott coun-
ty and will be a valuable asset to
the already up-to-date farm plant
of Mr. McCullough. The barn is
about 40 by 60 in dimensions and
has a round of oval shaped roof.
There are no beams or braces on the
inside in the loft to occupy any
room. This type of roof while it is
costly to build, will give a great deal
more loft room for the owner. Con-
tractor Stone of Chapin, who has a
reputation in this vicinity as a barn
builder, has charge of the work.

WILL GIVE DANCE

A dance will be given at Morgan
lake tonight by the Boys of '17. The
Carroll orchestra will furnish music
and the young people are expecting
an evening of pleasure. The com-
mittee includes Thomas Cosgriff, Al-
fred Eades and Fred Cain.

MAY REVOLUTIONIZE PACKING BUSINESS

Plan Under Consideration to Utilize
By-Products in New Ways—Would
Result in Benefits to Consumer.

A Chicago paper of recent date
outlined a plan devised by the meat
packers which may result in revolu-
tionizing the meat industry. The
plan contemplates further utiliza-
tion of by-products of the packing
houses and it is said it is not much
to expect a revolution of the meat
industry which will materially bene-
fit the consumer. The article refer-
red to is as follows:

Chicago packers at a joint confer-
ence yesterday considered a plan for
further utilization of by-products
which, it is said, may revolutionize
the meat industry.

This was learned from a high
Packingtown official last night. He
said that a joint committee would be
appointed next week to make an
exhaustive study of the plan and that
until its full feasibility is ascertained
there would be no public announce-
ment regarding it.

He declared that the packers are
convinced that under the new scheme
the producer can be paid a good pro-
fit for his live stock and the packers
receive their just manufacturing
profit and yet prices to the consumer
be materially reduced.

Believe Plan Feasible.

"The plan seems simple enough
and those who have studied it be-
lieve it can be carried out," this of-
ficial declared. "It was discussed
with Herbert C. Hoover, federal food
administrator, on his recent visit to
Chicago. It will be necessary to give
it to the entire industry to make it
practicable.

"While primarily a war measure
it is of such magnitude as would
revolutionize the packing industry—
in fact, the entire live stock busi-
ness—if it can be carried to a suc-
cessful conclusion."

While representatives of the
"big five"—Armour & Co., Swift &
co., Morris & Co., Wilson & Co., and
the Cudahy Packing company have
participated in conferences at which
the plan was discussed, it will not be
confined solely to them. It is the
purpose to take even the minor con-
cerns not under federal supervi-
sion into the secret as soon as the
idea has been fully developed.

Conference in Washington.
Following the conference in
Washington next week of commis-
sion and cattle men with government
authorities, the packers will name a
committee, which will not only take
up the plan for consideration, but
also conduct an inquiry into every
phase of their business. This will be
done with a view of co-ordinating
their efforts with committees rep-
resenting the producers and commis-
sion men.

It is planned that a joint com-
mittee representing all interests will
make a report to the food adminis-
trator, adjusting all differences be-
tween them before stabilizing the
livestock industry. Already however
suggestions have been considered
informally which if placed in effect
would have drastic effect. In work-
ing out plans every effort will be
made to guard the interests of the
live stock raiser so as not to dis-
courage production, at the same
time playing fair with the ultimate
consumer.

Packers Give Views.

Within the last few days every
Packingtown company operating
under federal supervision has made
an individual statement to the fed-
eral trade commission, giving its
views as to existing conditions, as
well as suggestions as the remedies
to correct abnormal meat prices.
These reports however, are inde-
pendent of the plan discussed with
M. Hoover and his Illinois aid, Harry
A. Wheeler.

Up to this time the packers have
prided themselves on the full utili-
zation of every part of their busi-
ness. It has been frequently pointed
out that every part of an animal
down to the "squal" was either
manufactured into meat or a by-
product and that their business was
handled on a less margin of profit
than any other great industry.

The new plan under consideration,
it is said, opens up a heretofore un-
thought of avenue of development.
In this, it is said, the live stock pro-
ducer will have a part to play as
well as the packer.

BOUND FOR DENVER

Mr. and Mrs. Elbert Graham of
Ft. Wayne, Ind., arrived in the city
yesterday in their Mitchell car with
their four children on their way to
Denver. They said they had encoun-
tered some pretty bad roads and had
stuck twice in the mud but had man-
aged to extricate themselves without
the use of horses. One accident of
the kind happened after dark and
they stopped in a rain and had to
camp in their wagon though they
have a camping outfit along. They
were driving a Mitchell six and were
well supplied with camping para-
phernalia and having a good time
and the children though small, looked
healthy and happy.

MEETING OF RED CROSS

There will be a meeting of the Red
Cross Branch at Woodson this even-
ing at the Unity Presbyterian church
for the purpose of deciding what
should be done with the Refunded
members fee.

In a news story about the Camp-
bell family in Sunday's Journal it
was stated thru error that Pearl
Campbell of Rochester, N. Y., who
has enlisted in the war has no chil-
ren. As a matter of fact Mr. and
Mrs. Campbell have three children.

The Jacksonville Public Schools
opened for the year Monday morn-
ing. There were no formal opening
exercises in the high school or the
grades. The pupils assembled in the
auditorium and were assigned to
rooms and studies.

The registration in the high school
showed over 400 pupils. However,
Principal Callihan said that there
probably would be same who would
not be in school who were registered
last spring. He thought that some
had enlisted in the military service.
Mr. Callihan was of the opinion
that the final enrollment would show
over 400 students.

STATE WOMAN'S CLUBS NOTES

Jacksonville women who are following the work of the Illinois Equal suffrage association will be interested in the following club notes taken from Monday's issue of the Chicago Tribune:

Woman suffrage work is not going to be neglected by the women's clubs this year in spite of all the added duties the war has made for the members. The Emergency league of the Illinois Equal Suffrage association has enlisted thousands of club women throughout the state to work for the constitutional convention and the vote for women, and reports recruits for the suffrage army daily.

New leaders in division 23, Third corps, of the league, headed by Mrs. Alonzo Tenney, include Mrs. William O'Connell, 4418 Drexel boulevard, and Mrs. Francis Goepper, 6506 Lafayette avenue.

The eleventh congressional district is just now a center of activity on the part of Emergency league leaders, and prospects are good for a big boost to the conventions fund from the towns of Kane, Will and Du Page counties. Mrs. Frank W. Shepherd commands the division centering at Elgin, with strong brigadiers in St. Charles, Geneva, Woodstock, Harvard and adjacent towns, while at Joliet Mrs. J. F. Nachbaur has just assumed command of the Will county division and is hard at work on the enlistment of a group including the best known women of the county.

Mrs. Alice Storm of Lockport is serving as Mrs. Nachbaur's adjutant.

Mrs. Blanche B. West of Bushnell, field marshal of the Fourth corps, will speak at Elgin tomorrow and Joliet on Thursday, when she visits the eastern end of her corps territory to confer with her division generals.

RECOVERING FROM INJURIES

Mr. and Mrs. LeRoy Harney and children who were injured in the auto accident on the Morton road Saturday night were able to come to the city Monday and have their wounds addressed at the office of Dr. Norris. Alden Brown who was held by the authorities pending information as to the injuries of the Harney family was subsequently released as no complaint was filed against him. Very fortunately the injuries of the occupants of the buggy were not as serious as was at first believed to be the case.

HEARING SET FOR TODAY

Herbert Hyatt gave bond Monday for his appearance in Justice Dyer's court this afternoon at 2 o'clock. Edward Mallory was surety. Hyatt was arrested on a warrant sworn out by Samuel Harris charging assault with intent to kill.

When the Skin Seems Ablaze With Itching and Burning

There's just one thing to do. If your skin seems ablaze with the fiery burning and itching of Eczema, real and lasting relief can only come from treatment that goes below the surface—that reaches down to the very source of the trouble. So-called skin-diseases come from a disordered condition of the blood, and the proper treatment is through the blood.

Search far and near, and you can-

not find a blood remedy that approaches S. S. S. for real efficiency. It has been on the market for fifty years, during which time it has been giving uniform satisfaction for all manner of blood disorders. If you want prompt and lasting relief, you can rely upon S. S. S. For expert advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. C Atlanta, Ga.

DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville Ill., Wednesday, Sept. 12, 1917. ONE DAY ONLY. (Returns every 28 days.) Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free.

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands moist? Have you a dull, dragging pain in the back of the body, back or limbs? Have you Rheumatism? Have you Flatulency? Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or limbs? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT, ory, easily fatigued, excitable and irritable, eyes sunken, red and blurred. Come early as patients are always crowded.

A friendly call may save you future suffering. It has made life anew to thousands who had been pronounced beyond hope.

C. W. CARSON, M. D., 766 Oakwood Blvd., Chicago, Ill.

Experience makes perfect. Having treated hundreds of old chronic stomach troubles for the last fifteen years, I can relieve a great majority of these cases and restore them to health and strength again, especially in those cases who suffer from the effects of pain in the stomach and bowels, bloating, gas, spitting up of food, sour stomach, headache, dizziness, loss of appetite, drowsiness, and heavy, bad feeling in the head.

PILES—Every case guaranteed cured without detention from business or use of knife.

Private Diseases a Specialty!

NERVOUS DEBILITY—Are you nervous, despondent, weak, tired mornings, no ambition, poor memory, easily fatigued, excitable and irritable, eyes sunken, red and blurred. Come early as patients are always crowded.

CHARGE GERMANY WITH PREVENTING PEACE

COPENHAGEN, Sept. 9. — The Nachrichten of Hamburg in discussing the question of peace, says that both Austrian and German Pan-Germans declare that Austria would be false to herself and to Germany if she advocated a speedy peace based on a renunciation of annexations and indemnities by Germany.

The Nachrichten's Vienna correspondent assails the Vienna Neue Freie Presse, the Zeit and the Sunday and Monday Gazette, all of which have printed articles intimating that Germany is the great obstacle to the conclusion of peace and calling upon Chancellor Michaelis to put forth a plan, accepting the basis of no annexations and indemnities and to take real steps to introduce a democratic government in Germany.

Prof. Lammach, noted jurist, in the Neue Freie Presse declares that the German chancellor by his conditional "as I interpret it" withered the Reichstag's peace resolution before it could come to fruit.

The Sunday and Monday Gazette says that it is idle to deny that the peace question is indissolubly bound with the democratization of Germany. This, it adds, after a promising beginning, has now ceased to progress and nothing is being done to weaken the accusations regarding German evasion and German deceit on peace conditions.

The Gazette asks why Dr. Michaelis does not declare without "ifs and ands" that Belgium will remain a free and independent state.

The Zeit says there is no prospect

of peace because the German administration is unwilling either to adopt a democratic system or make known its peace terms.

ARREST E. ST. LOUIS MAYOR AND SECRETARY

EAST ST. LOUIS, Ill., Sept. 10. — Mayor Fred W. Mollman and his private secretary, Maurice Ahearn who were indicted with 37 other Saturday in connection with the recent race riots were arrested late today in the mayor's office.

Mayor Mollman furnished bond of \$1,000 to answer to the charge of malfeasance in office and Ahearn was released on bond of \$3,000 to answer to a charge of conspiracy.

The mayor and his secretary were arrested on bench warrants from the circuit court in Belleville. The arrests were only technical, both being allowed to arrange bond without leaving their offices.

The third arrest today was that of Joe Brandenburg, a newsboy, charged with rioting.

The East St. Louis ministerial union, composed of representatives of all the Protestant churches in the city at a meeting late today adopted a resolution urging the mayor and his secretary to resign pending their trials.

REV. J. M. DARNELL COMPLETES SENTENCE

LEAVENWORTH, Kans., Sept. 10. — The Rev. James Morrison Darnell, sentenced to three years in the federal prison here for transporting Ruth Soper of Owatonna, Minn., from Chicago to Kenosha, Wis., in violation of the Mann act, was released today after having completed his sentence.

Darnell resigned his charge at Kenosha, January 12, 1915, after his marriage with Miss Doris Vaughn of Chicago. Previous to this time he had lived in Kenosha with Miss Soper whom he introduced as his wife.

Darnell admitted only a "common law" marriage with Miss Soper. During an investigation a first wife, Ethel Spurgeon Darnell of Abingdon, Ill., was found who had been legally married to the minister but had had the marriage annulled.

The second wife, Doris Vaughn Darnell, obtained a divorce and Darnell on Feb. 15, 1915 married Miss Soper. He was arrested the following day on the white slave charge.

PAINEVE TO FORM MINISTRY.

Paris, Sept. 10. — Paul Painleve, the minister of war, informed President Poincare tonight that he had accepted the task of forming a ministry to replace that headed by Alexandre Ribot. M. Painleve declared that the new ministry should not be representative of political parties but a government of national unity benefiting all the strength of the nation to an increasingly energetic conduct of the war.

FROST DOES MUCH DAMAGE TO CROPS

CHICAGO, Sept. 10. — Frost thru-out Minnesota, Wisconsin and in Western Michigan last night did damage to such crops as remained in the ground, corn being the principal sufferer according to reports received today from all sections of the states mentioned.

Prof. H. J. Cox, weather forecaster for this district said that if the weather was clear tonight there would be frost in Northern Illinois and Iowa.

GERMANY'S MAN POWER

GRAND HEADQUARTERS of the French Army in France, Sept. 9. — The Associated Press is able to give the following figures on the man power of Germany:

Fixed formations on the various fronts, employed on lines of communication and stationed in the interior 5,500,000.

Divisions undergoing formation and men in depots 600,000.

Losses in killed, permanently disabled and prisoners 4,000,000.

Wounded under treatment in hospital 500,000.

Total 10,600,000.

The total mobilizable male resources of Germany since the beginning of hostilities including the yearly classes of recruits up to 1920 number about 14,000,000.

Those called up 10,600,000. The remainder are accounted for as follows:

The remaining portion of the class of 1919 awaiting call 150,000.

Class of 1920 still uncalled 450,000.

Men employed as indispensable in industries and administrations 500,000.

Men abroad unable to reach Germany, 200,000.

Men entirely exempted owing to the physical disability 2,100,000.

Henry Vannier of Neelysville was reported ill Sunday evening.

Experienced trimmers are at work trimming and putting in shape the trees in central park. They are doing a fine job and will materially help the looks of the place.

FRESH OUTBURST OF RAGE AGAINST U. S.

AMSTERDAM, Sept. 9. — There was a fresh outburst of rage against the United States in Saturday's German newspapers in connection with Secretary of State Lansing's reported denial of the statement that America would not insist upon the elimination of the Hohenzollerns before entering into peace negotiations. The Rheinische Westfälische Zeitung carries a headline that crosses an entire page in large type, reading:

"America demands the deposition of the Hohenzollerns," which it follows with a furious denunciation of America, in which the alleged demand is alluded to as "the climax of the arrogant insolence of the American government which," it adds, "we hope will be met by an emphatic 'hands off' from the Reichstag."

The Cologne Gazette says:

"President Wilson's impertinence is beginning to go on our nerves. Has he no adviser to tell him that this sort of interference is bound to goad a proud people to fury?"

The Frankfurter Zeitung says: "If America seriously wants peace she cannot make it conditionally upon the form of the German government, to reorganize which is the most important task of the future for the German people and is only hampered by such extraneous interference."

CROWDS CLAMOR FOR ADMITTANCE TO TRIAL

LONDON, Sept. 10. — Crowds of curious women and others clamored for admittance to Old Bailey this morning when the trial of Lieutenant Douglas Malcolm, for the murder of Anton Baumburg, a pseudo count, began. The case, which has been characterized as "a dream of passion" is the first here in which "the unwritten law" is expected to be the sole defense, and is the most sensational in London in many years.

A coroner's jury returned a verdict of "justifiable homicide" after hearing Lieutenant Malcolm's plea that he killed Baumburg "in defense of his wife's honor."

ITALIAN WARSHIP SUNK

An Atlantic Port, Sept. 10. — News of the sinking of the Italian warship Umberto I, by striking a mine while conveying merchant vessels thru the Mediterranean sea was brought to an Atlantic port by a Norwegian Steamship today. Fifty of the crew perished according to the story told here.

The Umberto I was a converted merchantman.

TAKES UP MILITARY TRAINING

Cedar Rapids, Ia., Sept. 10. — Cedar Rapids High School has taken up military training as a part of its course and application has been made to the government for guns. The board of education has selected uniforms of field gray which will be worn by the students as school suits as well as military uniforms. The board also plans the organization of a military band.

FILES BANKRUPTCY PETITION

Springfield, Ill., Sept. 10. — Lemuel A. Wagey, of Barry, Ill., filed voluntary petition in bankruptcy in the district court here today, listing his liabilities as \$6,601.11 and his assets at \$1,539. He listed real estate valued at \$700, and claimed exemption on \$1,200.

RAID GERMAN NEWSPAPER.

Philadelphia, Sept. 10. — Federal agents late today raided the office of the Philadelphia Tageblatt, a German newspaper. It is understood warrants for six persons identified with the newspaper have been issued in connection with the government's announced intention of preventing the circulation of anti-war propaganda.

PEOPLE HASTILY LEAVING PETROGRAD

LONDON, Sept. 10. — A despatch to the Exchange Telegraph from Petrograd tells of the commencement of the partial evacuation of Petrograd.

"People," says the correspondent, "are hastily leaving the city. Outgoing trains are filled to their utmost capacity and there are tremendous queues of people at all the stations. The government is taking measures to empty the city. It intends to remove the educational institutions having boarding establishments and also to give facilities for the removal of the private effects. These steps are principally connected with the question of subsistence and are only partly the result of the military situation."

WHOLESALE FLOUR PRICE PROBABLY WILL DROP

MINNEAPOLIS, Minn., Sept. 10. — Wholesale flour prices probably will drop fifty cents a barrel as soon as the new wheat crop begins moving thru the mills, local millers said today when shown a statement by the food administration that a decline of \$3 a barrel may be expected at that time. The statement was interpreted by the miller as meaning that the former prices, which were \$3 above the present quotations would not be reached again. Fancy patents today were quoted at \$11.50 a barrel on the local exchange.

PRIMARIES IN MARYLAND

Baltimore, Md., Sept. 10. — A spirited campaign closed in Maryland today, preliminary to the general primaries to be held tomorrow. Candidates for the State, legislative, county, and local officials to be voted for in November are to be named in the primaries, together with delegates to the state conventions and members of the State committees. Interest in the results of the primaries centers largely in the bearing they may have on the rivalry of the different factions for party control. The agitation of the liquor question has also aroused considerable interest in some of the legislative contests.

FAMOUS COACH KILLED

Seattle, Wash., Sept. 10. — Herman Conbar, famous rowing coach, for ten years at the University of Washington and formerly athletic trainer at the University of Chicago, was killed today by a fall from a plum tree in the rear of his home near the university.

SEATON SUCCEEDS ROSEMUND.

Bloomington, Ill., Sept. 10. — Ross T. Seaton, of Peoria, has been chosen secretary of the Illinois Wholesale Grocers, succeeding Charles A. Rosemond of this city, who died a few weeks ago.

Nig Clarke, former big league catcher and of late with the San Francisco Seals, has joined the United States Marines.

BISHOP HEARD IN POWERFUL ADDRESS

Methodists Close Conference At Champaign-Patriotic Spirit Shown At Sunday and Monday Services—Conference Notes.

(By C. R. Morrison)
Champaign, Ill., Sept. 10.—The Laymen's Association, under the presidency of Prof. F. M. Austin of the Illinois Wesleyan University, held its sessions Friday and Saturday, in the Congregational church, (opposite the First Methodist church) and concluded by a joint session with the ministerial conference, at 10 o'clock Saturday forenoon. The necessary departure of Dean Birney for duties at the Theological School in Boston, made a change in the program, greatly to the delight of laymen, and a part of the arrangement was his final address on an Educated Ministry at this union meeting.

Like the former addresses, it was earnest, eloquent and carried conviction from beginning to end. He paid a high tribute to the consecration, devotion and success of men, who went forth with what they had in hand,—to do work for the salvation of men,—but like Billy Sunday, with whom he worked and whom he studied, during the recent great meeting at Boston, these men were educated in the art of expression suited to the understanding of the men of the street and the world and were, like him stirred by the exceeding sinfulness of sin. But culture, need not be divorced from consecration, and while a few without training, without the book or the school may succeed,—many fail, and in that failure, create doubt and distrust where they work and disaster to the church and the Kingdom.

Report on Education.

The Wesley Foundation, a church and social center at the seat of the State University, received unusual endorsement and plans were formulated for securing a half million dollar fund for buildings and equipment, and another half million, by and by for endowment. This is a State wide movement. A suggestion was made to the trustees of Illinois Wesleyan University, to substitute the word "College" for the last word in the name, and eliminate the Law department, and the Academy and make it a Great (the small) college. It has the endorsement of the President and faculty.

Chaddock School for Boys at Quincy was separated from the Board of Education supervision, and given a place as an elementary and semi-benevolent institution, and plans endorsed for securing \$250,000 by representatives and field agents of the school in cooperation with the local pastors, of Illinois Conference.

The Bishop's Wife a Speaker.

Mrs. Bishop Nicholson, recently an instructor in an Iowa Methodist College,—before her marriage,—spoke before the Woman's Foreign Missionary Society at its anniversary on Saturday. An increase of \$4,000 and upward in the total receipts of the society was reported for the year.

Temperance Meeting.

One of the great meetings of the session was that of Saturday evening, when Clarence True Wilson spoke on the progress of Prohibition. It was advertised as the "Funeral of John Barleycorn," because at 11:00 o'clock that evening, (midnight at Washington), the government went out of the whiskey distillery business. The street placard suggested to the mourners: "Omit Flowers." It was presided over by the former pastor of the church under whose leadership Champaign went dry, and under whose pastorate the great church here was built. Rev. Chris Galeener.

Sunday Services.

Sunday was a full day. Dr. C. B. Taylor of Urbana, presided at the Conference Love Feast, and for the first time the "Love" gathering was without the "Feast." Formerly, bread and water was presented to the congregation, but the time and trouble and confusion was so great, that it was quietly omitted. Bishop Nicholson preached to the largest congregation ever assembled in that large auditorium. When W. S. Phillips, led in singing "O for a thousand tongues to sing our great Redeemer's praise," the number was more than in evidence.

"Man shall not live by bread alone,—but by every word that proceedeth out of the mouth of God" (Matt. 4:4) was the Bishop's text,—and the peril of greed, commercialism, resulting in soul impoverishment, and selfishness and is the cause of this terrible world war. In the afternoon the war theme was again in evidence when one of the young ministers (Rev. Thos. B. Lugg) came forward in army uniform and was ordained a deacon in the church of Col. It was an impressive scene. This young man is from the Training camp and is the son of Rev. Ed. H. Lugg of Lovington.

Closing Hours.

The closing hours of the conference session, were crowded with deferred reports and quiet conference. Many rumors were afloat concerning unusual changes in appointments. At least ten men desired to take advantage of the law of the church for the privilege of a year's rest or study or travel without losing the right to re-appointment next conference session. But an examination of the appointments will show whether their request will be acceded to. Mr. P. Ault, of Hume, took such a vacation last year, and is ready to resume work again. If he is relegated to a lower grade than Hume, it may discourage this spirit for a year or vacation.

Altogether, this has been a great conference. Dr. R. H. Schuett has

Notes.

The Missionary sermon by Rev. G. W. Flagg, was considered a great effort. A great audience listened attentively to its deliverance. The Church of Philadelphia—of Brotherly Love—before which an open door was presented, was his theme.

By the time this letter is published, the appointments will be known generally, so it is not worth while to forecast events, tho much that affects Jacksonville and the District is rumored and known.

Mrs. F. A. McCarty has been in attendance at the conference since Saturday, as have also other District Superintendents wives. The cold wave of Sunday night and Monday morning found much shivering among the unprepared ministerial brethren, beside the shivers that came in anticipation of the appointments and the disappointments. But "God tempers the wind to the shorn lamb."

MISS RUBY SMITH DIES AT SPRINGFIELD HOSPITAL

Winchester Girl Passes Away After an Illness of Eight Months—Othor Scott County News.

Winchester, Sept. 10.—Miss Ruby Smith, aged 23 years, daughter of Mr. and Mrs. George Smith, of this place, died this morning at six o'clock at Springfield Hospital, in Springfield. Miss Smith had been taken to Springfield just a week ago today. Her death came after an illness of eight months, during which time everything in the power of medical men was done for her. As a last resort, a week ago a specialist was called from Chicago, and altho he gave little encouragement, he ordered the young lady removed to the Springfield hospital. During her long illness Miss Smith showed great fortitude and bore her suffering bravely. The deceased was a faithful member of the Methodist church of this city and an ardent worker in the Epworth League. She was a girl of a charming disposition and even temperament which endeared her to all who know her. Miss Smith was a member of the local lodge of Rebekahs here and also of the Woman's club here. The death of this young woman leaves a vacancy which will be hard to fill in this community. The remains were brought to Winchester tonight. No arrangements have been made for the funeral.

Dr. J. P. Campbell of Peoria is visiting relatives here for a few days.

Mr. and Mrs. Harrison Corbridge of Bluffs motored to Winchester this afternoon and were accompanied by Rev. and Mrs. A. J. Green and son Alden of Cuba, Ill.

Mr. and Mrs. Newton Moore, Henry Oakes, Mrs. Walter Arundel, Thomas Mehan and Walter Emory Beird, all of Bluffs were Winchester visitors this afternoon.

Misses Winnie and Bessie Pieper have returned from an extended visit in Huntsville, Ill.

Mr. and Mrs. Charles Fitzsimmons of near Naples were visitors here today.

Miss Martha Gibbs returned Sunday from a visit to Canton.

Mrs. M. L. McCormick left Sunday afternoon for Greenfield to visit at the home of Mr. and Mrs. William Peak.

Mrs. John Dwyer left Sunday afternoon for Roodhouse to visit relatives.

Miss Frances Wallace entertained sixteen friends at dinner Sunday evening at her home. A faultless dinner was served and a pleasant social time enjoyed. Miss Wallace will soon leave for Jacksonville, where she will resume her position at the state school for the deaf.

ENJOYED VISIT TO OVERLAND FACTORY

Roland N. Stice who won one of the salesmanship prizes offered by John N. Willys of the Overland company returned home Sunday from a trip to the factory at Toledo, and other points Mr. Stice who is with the J. F. Claus Overland company was one of the 300 salesmen invited to visit the factory and take a lake trip at Mr. Willy's expense.

During the contest Mr. Stice sold 35 cars which was the highest percentage in the west central district. It was a most creditable showing when it is considered that Mr. Stice has only been following the automobile game a short time.

The trip took Mr. Stice to Toledo, Ohio where the salesmen inspected the big Overland factory. In Toledo a big banquet was given by Mr. Willys. The party were given a lake trip which landed them in Chicago where some time was spent. The Chicago papers gave a great deal of space to the visit to Chicago, commenting most favorably on the fine appearance of the men who made up the party. Mr. Stice also visited the big factories in Detroit and other cities and came back home with much information which will be of value to him in his work.

MORGAN COUNTY MAN IN AVIATION WORK

Made Thoro Study of Aeroplanes and is Now Instructor at Rantoul Field One of Group of Flyers That Made Trip from Ashburn.

Not a great many Morgan county people know that a resident of this county is serving in one of Uncle Sam's air squadrons. This aviator is Cecil R. Sinclair son of A. M. Sinclair of the Prentice neighborhood.

The aviator who is now twenty-nine years of age has been interested in aviation for several years past. He took training on the Cicero field at Chicago and was one of the twenty-three men who flew from Ashburn to the new field at Rantoul a few weeks since. Mr. Sinclair traveled in Airship No. 147 with M. R. Rubens as his mechanic and the distance of 115 miles was made in 85 minutes. Mr. Sinclair is instructor in photography at Rantoul. The men in the squadron study flying in the morning and photography in the afternoon. The government supplies cameras and the men in aviation

work take instruction along this line so that in their flights they may become observers and gather information of value to the government.

Uses Curtis Biplane

The machine which Aviator Sinclair uses is a Curtis J. N. biplane, 4 cylinder, 100 horse power, capable of carrying four passengers, all of the machines at the Rantoul field being of this type. On the flight to Rantoul the aviators traveled most of the distance at an altitude of about 3500 feet. At occasional instances, however, they ascended to almost twice that height.

Work on the Rantoul field was practically completed several weeks ago altho the total equipment of machines has not yet been received. The government has let large contracts for biplanes and as they are received they are divided among the several fields where aviation training is in progress. At Rantoul there are fifty one buildings covering a ground area of 400 by 3,300 feet. There are twelve hangars in this group of buildings and thru the center of each is a partition. Three planes are stored on each side of these partitions, one facing each side and the third backed in the door so that the "tails" of the three machines are in the center of the storage space.

By this arrangement hangar space is afforded for 72 aeroplanes. There are three large buildings located on the railroad tracks at the north side of the grounds and in these motor trucks and touring cars are placed and aeroplane supply parts are also stored there. The flying field contains 640 acres but greater acreage is not needed because the men have all the space needed for their work when once they have left the field and mounted into the air. There are three stages of training, the first being that of instruction in the mechanism of the machines and some facts about the operation, this work following the general training which is given en masse in all branches of the service.

The Flying Levels

After instruction in mechanics and in operation of one class of machines the student turns his attention to a faster type and later on there comes training in a third class, representing the fastest machines and this work includes night flying. There are different levels of flying for different lines of work. Aviators on scout duty go to a height of 20,000 feet. If on patrol duty the level is 12,000 to 14,000 and at this height photographs are also taken. Reconnaissance work is also done on that level. Machines that are used for bomb dropping are of heavy type, move slowly and very seldom get above a height of 10,000 feet.

Those who are familiar with Aviator Sinclair's work know that he thoroughly understands the science of aviation and that his long period of training well qualifies him for this highly important class of service that he is to give for his country as a member of an air squadron.

Miss Alice M. Plouer expects to leave this morning for Philadelphia, Pa., where she will resume her duties as an instructor at Mt. Airy School for the Deaf.

CORN DAMAGED TO CONSIDERABLE EXTENT

Trip Thru Country Shows Corn Down In Many Fields.

A trip thru Morgan county goes to prove that corn in many fields has been damaged to a greater extent than was at first thought would be true. Following the storm last week there came reports of damage but as it often happens that early damage reports are greater than the facts justify, it was thought that would probably be the case in this instance. Not all corn fields have been damaged but there are a great many, especially west and northwest of Jacksonville where corn is almost flat. As the stalks and ears are heavier than usual this year, it is not at all likely that the plants will straighten. Consequently some damage is sure to result. Where corn was planted early and the ears are now practically matured the damage will be in the quality of the corn which will be likely to rot to some extent because of contact with the damp earth. In other fields where the corn was planted late and not so mature the growth will be interfered with and it is very probable that much of such corn will be caught by the early frosts and damaged in this way.

As a result of this condition in this county and others and because of the continued cold weather, the market price on corn has continued to advance and December quotations yesterday were between \$1.19 and \$1.20, about 8c higher than was true a week ago.

TOO BIG TASK FOR HORSES.

At the crossing of Prairie and West College street a large pile of crushed stone for pavement foundation is being deposited and for some reason the desire of the contractors is to have the pile as high as possible and for that purpose they have been driving the loaded wagons right over the pile making a very severe pull for the horses, which flounder almost helplessly in the crushed stone. Yesterday afternoon the pile was very high and the teamsters were trying to get a load up the pile straining the horses severely when Miss Florence Ward came along and as a representative of the Humane society at once ordered the men to desist and gave them a short time in which to do it or get into trouble. The driver complied with the order.

Eldridge Seibert, chauffeur for John R. Robertson, made a record run with the Robertson Pierce Arrow car returning from Colorado Springs, Colo., to this city. Seibert left Colorado Springs Friday and arrived in Jacksonville Monday evening at 7:10 o'clock. The distance is 1,023 miles which he covered in 48 running hours. Thru Kansas and Colorado he averaged 33 miles an hour while thru Missouri and Illinois he only averaged 20 miles an hour. But for a blowout just west of the city he would have arrived earlier.

FOUR MORE CASES BEFORE EXEMPTION BOARD

Going of Second Squad to Cantonment May Be Delayed Beyond Sept. 19—Appeals to President are Ignored.

There were four men examined at the office of the local exemption board Monday. Three of this number were men who reside out of the city and who had been transferred here for examination. The Jacksonville man examined was discharged from military service when first examined at Armory Hall, but was recalled after the change in requirements had been made for the new national army men.

Four Cases Considered Those whose cases came up yesterday were:

Ralph Cruzan of Flint, Mich. Passed physical examination. Filed claim for exemption.

Orville P. Brewer of St. Louis. Passed physical test. Did not make claim for exemption.

Charles E. Porter of Flint, Mich. Passed physical examination. Filed claim for exemption.

Herman L. Brune, Jacksonville. Discharged from service at first examination but recalled for physical test. Ordered to report for re-examination Oct. 2.

It is understood some appeals have been made from decisions of both the local and district boards direct to the president. There is no authority for such procedure and any appeals from decisions of the local board must be made to the district board at Springfield. There is no appeal from the rulings of the Springfield body. Any appeals sent direct to President Wilson will receive no attention whatever.

Dr. E. L. Crouch has resumed his work with the exemption board in the position of official re-examiner. May Delay Going of Second Squad.

A bulletin has been received from the provost marshal stating that the second and third increments will not be sent to cantonments until due notifications have been sent out to the local boards. It is by no means certain that the second increment will be called to the colors on the 19th of this month as has formerly been stated.

PATRIOTIC SERVICE AT CHRISTIAN CHURCH

Rev. M. L. Pontius Has as Theme "Our Duty to Our Soldiers Boys"—Calling of Honor Roll an Impressive Feature.

Teeming with patriotism was the service at Central Christian church Sunday evening. The Rev. M. L. Pontius delivered an address, taking as his theme, "Our Duty to Our Soldier Boys." The music also was of a patriotic nature.

One of the most impressive features of the evening was the calling of the honor roll of the young men of the church who have answered the country's call to service. After the singing of the first hymn Harry Walker called the roll. The roll of honor containing the names of the 21 young men who have gone out from the church and Sunday school, hangs in front of the pipe organ and will remain there until the close of the war.

Audience Sang America.

As Mr. Walker called the names, Miss Maurine Bradley and Miss Dorothy Green placed a rose for each soldier in a vase on the pulpit stand. It was announced that these roses represented the courage and loyalty of boys and each family represented by the honor roll came forward at the close of the service for the rose. At the close of the service the room was darkened except the lights at the organ and as these lights fell upon the honor roll the audience sang America.

In his address the Rev. Mr. Pontius spoke in part as follows:

Definition of Patriotism.

"You ask me for a modern definition of patriotism and I reply, Patriotism is that something which causes a young man to leave a prosperous, peaceful community, his home, his friends and loved ones, and go out into a strange country to fight against one of the worst enemies patriotism and righteousness have ever known. Patriotism is that something which causes a citizen to desire to strike a death blow at one who claims to rule over human beings by divine right and who is largely responsible for the devastation and wreckage of prosperous, contented, peace loving Belgium. Patriotism is the mother of democracy and democracy is the real teaching of Jesus the Christ applied to the affairs of human society and human government."

"Our patriotism has come as a heritage thru the Declaration of Independence. A declaration that all men are equal so far as these inherent rights are concerned; that all men have right of life, liberty and the pursuit of happiness. When we consider this we do not wonder that our boys are willing to give service, and life, if necessary, to their country in the hour when these rights must be safeguarded and brought to other people."

Should Write Letters to Boys.

"We owe a duty to our soldier boys. The church is endeavoring to fulfill a portion of this duty by placing in the auditorium this honor roll that they are in a peculiar sense our soldiers, courageous and loyal. Prayers should be offered each day for these boys. Letters should be written to them, and the church should supply everything that will add to their comfort while they are in this service."

"But above all let us indicate to them that they have our prayers, our patriotism, our loyalty and then these twenty one soldier boys will not strive in vain. We are for peace, first, last and always. "We are for peace at any price, and the price of universal, enduring peace at the present time is war. The individual who cries peace without a successful consummation of this war, is attempting to block the channels of human progress."

The program: Organ Prelude, Hymn No. 512, Prayer, Solo, "Battle Hymn of the Republic"—Lola Harney, Responsive Reading, Page 16, Ps. 48.

Offertory, Quartet, "Tenting Tonight," Sermon, "Our Duty to Our Soldier Boys"—Mr. Pontius, Invitation Hymn No. 253, Silent Prayer (seated), Benediction, Organ Postlude, Miss Alice Mathis, Organist, Mrs. Clark Wilson, Director, The Quartet—Mrs. Genevieve Wilson, Mrs. Abe Wehl, Mr. Robert Boyd, Mr. Albert Strausser.

FORMER RESIDENT DIES IN MICHIGAN

Daniel W. Rawlings Died at Stevensville—In Clothing Business Here Many Years.

Word was received by relatives here of the death of Daniel W. Rawlings which occurred in Stevensville, Wis., Sunday afternoon. The funeral will be held and burial made at Stevensville this afternoon.

Deceased was the son of the late Isaac Rawlings and was born and resided in this city for many years. His father was one of the pioneer clothing dealers of this city. For many years he operated a clothing establishment in a frame building the third door south of State street on the west side of the square. Later this was replaced by a brick building in which the Rawlings store was located until about ten years ago. The building is now occupied by the Deppe dry goods store.

Mr. Rawlings engaged in the clothing business himself being in the room formerly occupied by Isaac Worfolk. He retired from business about 25 years ago. Since then he has resided in other cities, making occasional visits to this city.

Mr. Rawlings is survived by his widow and one son, Wesley Rawlings of Kansas City. A daughter Mrs. Frank P. Cupp died a number of years ago. He also leaves two sisters, Mrs. Nettie R. Havemhill and Mrs. Van R. Holmes both of this city.

FIRST ADDRESS IN SERIES AT BAPTIST CHURCH

Rev. A. A. Todd Heard Sunday Evening On "The Magi, or the Wise Men of the East"—Musical Program Next Sunday.

Rev. A. A. Todd, pastor of the First Baptist church, Sunday evening delivered an address on "The Magi, or the Wise Men of the East." This was the first one of a series of addresses which the pastor is to give during the present month and October. Each alternate Sunday a musical program will be given, consisting of musical selections and short talks on songs and their composers.

Next Sunday evening there will be a musical program and on the following Sunday the pastor's address will be on "The Life and Character of Joseph." This service will be of special interest to young people. On Sept. 30 another service of song will be arranged and on October 7, the pastor will talk on "Absalom." Young men are especially invited to hear this address. The final meeting of the series will be held on October 14, at which time the program will consist of songs and short talks.

Following the address Sunday evening a quartet consisting of Misses Hilma Franz, Eva M. Breitweiser, Messrs. Fred Mayer and L. P. Hauck sang "Where is the Christ," a song written by the pastor, Rev. Mr. Todd. The service was an interesting and inspiring one and the attendance was large.

Dr. James A. Day will be at his office at 1008 West State St., every Wednesday from 10:30 a. m. to 5 p. m.

EN ROUTE TO MISSOURI

Mr. and Mrs. John M. Kirk of Amble, Pa., and Mr. and Mrs. Horace Jenkins, of Lansdale, Pa., arrived in the city yesterday en route to St. Joseph, Mo. They were riding in an Oldsmobile car and when nearing the city they had the misfortune to break a spring and had to pull into Fred McDougall's shop for repairs. The party was composed of very agreeable ladies and gentlemen and they employed the time looking about the city as considerable time was required to repair the damage. As the two gentlemen walked away from the shop the reporter was reminded of some pictures he had seen "before and after taking" as Mr. Kirk was small and slender and Mr. Jenkins would tip the beam anywhere about 250.

I. O. O. F. COMMITTEES AT LYNNVILLE AND MURRAYVILLE

Following up the work begun Saturday evening the joint committees from Urania and Illini lodges I. O. O. F. visited Lynnville and Murrayville Monday evening. The Murrayville committee consisted of Ellis Henderson, Ralph Crabtree, Edward Rawlings, Carl H. Weber and Clinton Moore. The Lynnville committee consisted of Judge W. E. Thomson, A. G. Cody, J. FRENCH SOLDIER'S LIFE SAVED BY FAITHFUL DOG

Congregationalist Tells Story of Rescue of Wounded Man by Canine.

The Congregationalist of September 6th tells a beautiful story of a faithful dog which saved the life of his master, Sergeant Jackomin, a soldier in the French army. The dog's name was Fire Fly and he was a highly bred Irish setter and his master was in Algiers where he first secured the faithful creature and taught him various tricks much to the amusement and pleasure of the men in the company.

But the order came to go to the front and sadly Jackomin said goodbye to his dumb friend not expecting to see him again. The man had gone aboard the steamer and the gang plank was being raised when suddenly Fire Fly appeared and leaped on board and soon found his master. The men managed to care for him and smuggle him aboard the railroad trains and land him with the command at the front where he was a great favorite and a regular mascot.

One day a great mine was exploded under the French command and the crater was a place of carnage. Darkness set in and the ambulance corps worked all night removing the wounded until they had cleared the whole space except a corner dangerously near the German lines. They hesitated to venture there knowing the fiendish enemy would kill an ambulance squad just as quickly as a fighting body of men but finally they heard a faint bark and at once recognized the voice of Fire Fly and hastening to him they found him frantically digging in the clay and then pulling something protruding from the ground. Investigation showed that it was the body of Jackomin that the dog was seeking to rescue and soon spades and men were busy and the body of the man unearthed. A leg was torn away and his arm was badly lacerated and he seemed to be dead but the wonderful skill of the American doctors brought him to and he was eventually placed in the hospital in Paris.

The story was told a man who couldn't be made to believe it so he was invited to go to the hospital and this is the rest of the story.

Down the long corridor of the American hospital he led us. I noticed over the doors of the wards the names of America's proudest cities. The two largest wards were immediately opposite each other. Over the door of one was "Boston" and over the other "New York." The head nurse entered readily into the spirit of our visit and directed us to a little white cot where smiling French soldier lay who greeted us with shy courtesy. When the nurse had explained our errand he leaped up with shining eyes, seized his crutches and said: "If the nurse will permit me I will show you."

Wondering at his enthusiasm we followed between the beds to the long corridor to the door of the hospital kitchen. Opening the door of the kitchen the nurse told us to wait there while she crossed the room and opened a door into the kitchen area. Then I heard three sharp whistles and almost immediately the head of a noble dog appeared above the threshold. He looked from the chef to the assistants who stood smilingly watching the drama, but not seeing his master he was about turning away when a whistle arrested him. He looked up, caught sight of his master and dashed across the room like a whirlwind. Leaping on his master he would have thrown him to the floor had we not hastened to support the crutches. The dog leaped and barked and wouldn't be satisfied till his master stooped down and let him caress him. Then he seemed content, & rushed his master had not fallen a victim to a German mine. Not until then would he allow any one else to touch him but at a word from his master he trotted from one to another, making himself friendly with all and increasing the circle of his admirers.

As I stroked the silky fur I discovered a collar embedded there and a medal upon which was engraved:

Fire Fly,
Saved his master,
Sergeant Jackomin,

VAST SUM EXPENDED IN RED CROSS RELIEF WORK

Report of Chairman Davison Gives Full Details of Organization's Activities in Europe—Establishing Field Canteens for French and U. S. Armies.

Washington, Sept. 10.—Approximately \$12,000,000 for war relief work in Europe will have been expended by the American Red Cross in the first six months since the United States has been at war with Germany, according to a report addressed "To the American People" today by Henry P. Davison, chairman of the Red Cross War Council, in which full details are given of the activities of the organization in various nations abroad, chief of which is France.

More than \$10,000,000 of this sum, appropriated up to and including August 31, by the war council, since its appointment May 10 last, is for use in France. Other countries to receive relief are Russia, Roumania, Italy, Serbia, England and Armenia, the grand total amounting to \$12,339,681, the greater part of which will be used by November 1, although some of the appropriations cover a year. Most of the persons in charge of the Red Cross work in France are giving their time and paying their own expenses. A special fund of \$100,000 has been privately contributed to meet the expenses of members of the commission to France unable to pay their own way.

Five Commissions to Europe
The war council has sent to Europe five separate commissions, each composed of Americans skilled in business administration, in medical and surgical work, and in other lines of Red Cross effort. The work covers a wide scope of relief, from the establishing and maintaining of hospitals for soldiers in the American army in France, to civilian aid including the care and education of destitute French children and the rehabilitation of devastated areas in France and Belgium. Relief and preventive means against tuberculosis, which has greatly increased since the war, also will be supplied. A plan has been devised also to extend aid to soldiers and civilians held as prisoners by the enemy. These are only a few of the many avenues through which Red Cross relief will flow to the countless thousands of war victims.

The Red Cross in France has assumed the management of the war relief clearing house. It has taken over under control of the United States army, the administration of the American Ambulance Hospital at Neuilly. It has assumed financial responsibility for J. A. Blake's American Hospital in Paris. It has allied with itself the work of the American Surgical Dressing Committee, which distributed in France, in July 782,949 dressings among 435 hospitals.

To Coordinate Relief Work
The effort has been in accordance with the expressed views of the President of the United States and of the civil and military authorities of France to coordinate along helpful lines all relief work being done in France and America. The first and the supreme object of the task is to care for our own army and navy. Toward this end the Red Cross is establishing field canteens, which it will provide for every corps of the French army as well as for the American army. There are now large reception camps near the coast where United States' soldiers the received.

Along the route to the firing line the Red Cross has established infirmaries and rest stations. At railway stations canteens are being established where our soldiers may find rest and refreshment. Baths, food, games and other comforts will be available. When American troops are sent to France, the men are given comfort kits. Christmas parcels will be sent over later.

Various appropriations have been made to worthy causes, such as \$1,000,000 for the relief of sick and wounded French soldiers and their families; \$100,000 for medical research work in France; \$500,000 for supply warehouses; \$1,500,000 to buy foodstuffs to be sent to France and \$1,000,000 for the hospital supply service.

The Transportation Problem
The transportation problem with which the Red Cross has had to cope in moving supplies overseas has been most difficult, but through official French, British and Italian cooperation with the United States Shipping Board and leading steamship and railroad companies, vast quantities of supplies are now shipped almost daily. A special Red Cross transport service has been developed in France as the railroads there are overtaxed with military needs.

Six base hospitals were sent to European fronts in advance of the American soldiers and more than a dozen are now actively in service there and others are rapidly being made ready.

It is not the policy of the Red Cross to rebuild French villages but it is hoped to afford new starts in life to a large number of persons now destitute through ravages of the German army. A provisional expert team along this line is being worked out.

BROOKLYN TAKES TWO GAMES FROM GIANTS

FIRST GAME A POORLY PLAYED EXHIBITION.

Benton Throws Away the Second
Game in the First Inning When
His Wild Throw Lets in Olson
and Daubert—Soldiers Witness
Contests.

New York, Sept. 10.—New York lost two games to Brooklyn by scores of 13 to 6 and 2 to 1 today. The first game was a poorly played exhibition. Brooklyn winning by scoring seven runs in the eighth on four hits, three bases on balls, a fielder's choice and three steals.

Benton threw away the second game in the first inning when his wild throw to second let in Olson and Daubert. Marquard pitched brilliant ball, a fumble by Olson enabling New York to score its only run. The double header was attended by the 12th, 71st and 23rd New York regiments. Between games Manager Clark Griffith, of the Washington team, originator of the Griffith bat and ball fund, presented the three regiments with a complete baseball equipment.

INDEPENDENTS WIN FAST GAME FROM CHAPIN.

The Independents journeyed to Chapin Sunday and defeated the fast team of that city by a score of 5 to 4. Consecutive hitting in the fourth inning gave the Independents four runs which was enough to win the Chapin made hard bid in the eighth when they pushed one run over. Day and E. McDaniel both pitched great ball and grew stronger as the game progressed. Langford and DeFrates did the hitting for the Independents while Reems featured for Chapin.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

"I'll Show You How Corns Peel Off!"

Ever Peel a Banana Skin? That's It!

"I should worry about those corns—I just put some 'Gets-It' on." Corns used to pester the world into a frenzy, causing pain, digging, slicing toes, tinkering with plasters

"Gets-It" Puts Your Feet in Clover—It Ends Corns Quickly.

and tape, trying to fix a corn so it wouldn't hurt. But now no one in the world "should worry," because the moment you put "Gets-It" on, it means the end of a corn. There is nothing in the world like "Gets-It"—nothing as sure and certain—nothing that you can count on to take off a corn or callus every time, and without danger. The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes your foot sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn-free and happy with the toe as smooth and corn-free as your palm. Never happened before, did it? Guess not.

Get a bottle of "Gets-It" today from any drug store, you need pay no more than 25c, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Store, J. A. Obermeyer & Son, and Coover & Shreve.—Adv.

HARDIN AVE. WALK DISPUTE IS SETTLED

Ordinance Passed Provides Walks
Shall be Two Feet From Property
Line—City General Contract for
Walks Let to Fernandes & Sons.

The Monday morning session of the city council was brief and the business considered was mostly of routine character. When an ordinance was passed providing for the much talked about Hardin avenue sidewalk the commissioners heaved sighs of relief. It was provided by this ordinance that the walk between Routt street and East College street on Hardin avenue shall be placed two feet from the property line. This ordinance received unanimous vote in the council after property holders in the block had filed a written agreement to move out the walk in front of the residence of S. P. Carter so that it will be in line with the new walks.

Test Well Abandoned
Mr. Vasconcellos reported that the test well located a considerable distance northeast of the north side pumping station had been abandoned at a depth of 100 feet. The drilling apparatus has been moved to the station and another well will be sunk there. Mr. Vasconcellos referred to the Sunday work in connection with the street improvements and said that those who attended Northminster church Sunday were disturbed by the continuous noise from wagons. He thought if it is deemed necessary to have Sunday work because the season is so far advanced, that contractors should arrange to have the work so done that it will not interfere with church services. City Engineer Henderson said he thought this could be arranged satisfactorily with the contractors if work is done on succeeding Sundays. Mr. Cox reported that he was endeavoring to secure additional earth to be hauled to Central park for improvements in progress there and that the force in his department is busy moving valve boxes and doing some other work in connection with public improvements.

Want S. Sandy Street Improved
Daniel Bahan addressed the council on behalf of Mr. James and himself and suggested that while bricks were being hauled from the street that it would be an excellent plan to have some of them used to fill up depressions on South Sandy street and thus make the street more passable for loaded wagons this winter. Mayor Rodgers said that the grade of the sidewalks in relation to the street had been changed by recent surveys and that the question of the advisability of using some of the bricks in this way would have consideration.

Mr. Cox mentioned that there is complaint of the damage done by water which flows from the roof of the Zahn garage and that this should be run to a sewer instead of following a water course to East College avenue as it now does.

The bid of Simeon Fernandes & Sons for constructing concrete walks adjoining properties where the owners have failed to obey the city notice was accepted. This was a blanket bid applying to a considerable number of properties where by notices sent out the commissioners have thus far been unable to have walks laid. After the discussion of some minor matters of business the council adjourned.

Mrs. Samue Gill of Virginia was a shopper in Jacksonville Monday.

WOODSON RESIDENT SAYS \$400 WASTED

Culp Tells How He Finally
Gained Relief Through
Tanlac

"It's the truth when I say that three bottles of Tanlac have done me more real good than the entire \$400 I previously spent trying to get relief," R. H. Culp, one of the most prominent and best known farmers in this vicinity, residing at Woodson, Ill., near here, told the Tanlac Man on June 23. Mr. Culp has hosts of friends in Morgan county who will be glad to learn of his remarkable improvement.

"Heart trouble and nervousness had been my twin complaints for the past year," Mr. Culp continued. "Although I tried practically every means I was unable to gain any relief. I'd become so nervous at night I would have to get up and just walk the floor. My heart was weak and annoyed me greatly."

"A friend of mine in Galesburg had been benefited by Tanlac and he advised me to try the new medicine. Well sir, my heart scarcely bothers me at all any more. And sleep—well, my nerves have been placed in such good condition I rest splendidly from bedtime until daybreak. I get up in the mornings feeling refreshed and rested, too. Tanlac is the best medicine I've ever taken and I'm only too glad to let others know of my relief."

Tanlac is now being specially introduced and explained in Jacksonville at the East and West side stores of the Coover-Shreve Drug Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bates'; in Chapin at P. McKinney's; in Roodhouse at W. D. Berry's; in White Hall at the City Drug store; in Bluffs at F. T. Curtis'; in Pittsfield at J. H. Barber & Co.; in Oram at L. M. Van Deren's; in Diverson at E. G. Haug's; in Manchester at C. D. Chapman's; in Vinchester at the City Drug Store.—Adv.

CHEMISTS TO DISCUSS PRESENT DAY PROBLEMS

Interest Attaches to Convention of
American Chemical Society Be-
cause Country's Success in War
Depends Largely Upon Chemicals.

Boston, Mass., Sept. 10—Advanced theories and formulas for the preservation of by-products and for the making of munitions as well as latest developments in medicinal remedies, disinfectants, dyes and dyestuffs are to be discussed by the American Chemical Society at its fifty-fifth annual convention which began in this city today.

Altho many chemists of the United States are busily engaged with war orders, it is expected that at least a thousand members of the society will participate in the convention proceedings. It is the first large gathering of chemical engineers and experts held since the beginning of the war and since the present great development of the chemical business in the United States.

Additional interest is attached to the convention by the fact that the country must depend for much of its success in the war upon chemicals, and the speakers and the members will represent the 30,000 chemical engineers in the country, who have mobilized for Government service and will try to find means to beat the enemy.

The war has put the chemical industry in the United States on its feet. The increasing importance of chemical manufacture here began when German importations ceased. Not only were stocks quickly depleted, but the chemical manufacturers in the United States were not equipped either with machinery or with practical workmen, nor even many of the raw goods, to begin manufacture for many months.

The convention marks a period of enormous advance in the industry whose production, including dyes, is still far behind the demand. One problem needs a solution—the fact that Germany, at the time of the declaration of war, was exporting as many as 40,000 colors, shades, tints, etc., whereas it was necessary for the American manufacturers to limit their products to fewer than 200.

The convention is expected to devote some attention to the advanced processes in chemistry which have made the asphyxiating gases, and which applied liquid fire to the onslaughts of armies. However, the most of the addresses, papers, and discussions will deal with the advance of commercial chemistry. In this branch of the business there are many important problems that are still in the solving period, and not only is the interest of the chemists of the country centered upon discussions which will be held during three days' sessions, but there are many who are awaiting the results of the meeting for the furtherance of their business and manufacture.

NURSE PLACED ON TRIAL FOR ALLEGED MURDER

Miss Harriet Varney is Accused of
Murder of Young Bride of Intimate
Friend—Mystery Surrounds
Affair.

Dedham, Mass., Set. 10—A mystery out of the ordinary remains to be solved in the case of Miss Harriet Varney, the Upton nurse, who is expected to be placed on trial for alleged murder at criminal session of Norfolk county superior court which convened here today. The case is docketed for trial near the close of the session.

The crime of which Miss Varney stands accused is the alleged murder of Mrs. Pauline C. Keyes, a young bride, who was found dead in her apartment in Boston's fashionable suburb of Brookline on June 19 last. Two bullet wounds were found in the dead woman's body and a revolver lay by her side. It was at first supposed to be a case of suicide but the coroner's jury decided that the wounds could not have been self inflicted.

Miss Varney was taken into custody when it was learned that she had long been on terms of intimacy with the husband of the slain woman and among her relatives and friends had been known as his wife. At the preliminary hearing Miss Varney the Upton nurse who is ex-wife of Keyes in Boston at the time it was alleged Mrs. Keyes had been murdered in her Brookline home.

STREET RAILWAY EMPLOYEES.

Providence, R. I., Sept. 10—The fifteenth annual convention of the Amalgamated Association of Street and Electric Railway Employees of America, which got under way in this city today, is the largest gathering in point of attendance in the history of the organization. Delegates from many of the principal cities of the United States and Canada were assembled in Infantry Hall this morning when the gathering was formally called to order by President W. D. Mahon.

WISCONSIN STATE FAIR.

Milwaukee, Wis., Sept. 10—With practically every available foot of exhibition space occupied, the sixty-seventh annual Wisconsin State Fair opens its gates today for a week's engagement. The agriculture, horticultural and dairy exhibits are the big features of the fair this year, tho all other departments are well filled with choice displays. Many high class attractions have been provided by the management for the entertainment of the visitors. A program of trotting races will be conducted thru the week under the auspices of the Great Western Circuit.

CALIFORNIA WAR CONFERENCE.

Sacramento, Cal., Sept. 10—In response to a call issued by Governor W. D. Stephens representatives of the fifty-eighth California county councils of defense assembled at the capital today to consider plans for the continuance of California's war preparedness activities. During its two-day session the conference will give attention to military and economic problems, including steps to increase the farm production, protection of warehouses and other property, provision for an adequate farm loan system, and the bringing about of better co-ordination on the part of State and county officials.

WEDDING IN ARMY CIRCLES.

New York, Sept. 10—The marriage of Miss Margaret Richardson Smith, daughter of Brig. Gen. A. L. Smith, U. S. A., and John Claron Hawkins, a recent graduate of West Point, took place today at the country home of the bride's father at Ardel, N. Y.

Mr. and Mrs. John Becker of the vicinity of Litchfield spent Sunday with Mr. Becker's cousin, Mrs. Deem Rapp and family.

ASK YOUR FRIEND

There is hardly a neighborhood in any city, town or hamlet in the United States where women cannot be found who have derived benefit from Lydia E. Pinkham's Vegetable Compound. For more than forty years this botanic remedy has been overcoming some of the worst cases of female ills. As one woman has found help she has told another, who has used it with the same result; so the use of this great medicine has spread from shore to shore by the recommendation of those who have found it good. Therefore, ask your neighbor, let her tell you from experience the benefit which ailing women derive from the use of this famous medicine.—Adv.
